Did you know...

21.8% OF CHILDREN IN OUR AREA SUFFER FROM FOOD INSECURITY?

HELP US SUPPORT THE AREA BACKPACK PROGRAMS!

WHAT IS THE BACKPACK PROGRAM?

The Backpack Program provides backpacks filled with non-perishable, child-friendly food to families who are food insecure. The backpack is discretely distributed to students before weekends and school holidays so that children who have their nutritional needs met through other programs do not go hungry when those resources are not available.
